Forward-Looking Statements

This presentation contains certain statements that are considered forward-looking statements within the Securities Act of 1933, as amended, and the Exchange Act of 1934, as amended. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations are generally identified by our use of words such as “intend”, “plan”, “may”, “should”, “will”, “project”, “estimate”, “anticipate”, “target”, “believe”, “expect”, “forecast”, “continue”, “potential”, “opportunity”, “outlook” and similar expressions, whether in the negative or affirmative. All statements about future expectations or projections are forward-looking statements. Although we believe that the expectations reflected in our forward-looking statements are based on reasonable assumptions, actual results and performance may differ materially from our forward-looking statements. Factors that could cause future results to vary from our forward-looking statements about our current expectations are included in our annual and quarterly periodic reports filed with the U.S. Securities and Exchange Commission. Except as required by law, we undertake no obligation to update or publicly release any revisions to forward-looking statements to reflect events, circumstances or changes in expectations after the date on which the statement is made.

Non-GAAP Financial Measures

During our discussion, we review certain non-GAAP adjusted financial measures. A reconciliation is provided at the end of the slides. Please refer to our Form 10-K for the fiscal year ended May 31, 2026, as filed with the SEC and posted on the CFC website, for a discussion of why we believe our adjusted financial measures provide useful information in analyzing CFC's financial performance and the reconciliation to the most comparable GAAP financial measures. Certain figures have been rounded for ease of presentation and may not sum to total due to rounding.
